*"Great for cheap parking in Brighton. We use it quite regularly to attend swimming meets at the Prince Regent pool. It is a 10 min walk away from the pool, but the saving of £11 per day or £18.50 if you get back within 9 hours instead of parking near to the pool, makes the walk worth it! Seems nice and secure with a shutter entrance and exit. You need your ticket to re-enter the carpark on return to your car so don't forget to take it with you!"*
