6 bays and 3 dual-access charging points (7 kW 32 amp type 2) on ground floor.

"Great for cheap parking in Brighton. We use it quite regularly to attend swimming meets at the Prince Regent pool. It is a 10 min walk away from the pool and the savings over other car parks in the city are substantial!"

Seems nice and secure with a shutter entrance and exit.

You need your ticket to re-enter the carpark on return to your car so don't forget to take it with you!
